WRTD 60-80

FEATURES & BENEFITS

- Cummins B3.3-C65 Diesel Tier IV Approved
- B3.3 is an in-line 4-cylinder diesel with direct injection. Efficient fuel injection and air-handling systems improve combustion and reduce emissions. Cummins engines are designed for toughness, durability and reliability.
- Power shift (Automatic) transmission with separate inching and brake pedals, offers positive operation in tight working areas, especially beneficial working on ramps and inclines.
- High visibility design mast with side thrust rollers in the carriage for smoother operation and longer life of the mast components.
- Fully Hydrostatic Power Steering for smoother operation and many fewer parts for lower maintenance costs. This utilizes the largest cylinder and thickest steel for protection of any forklift in its class!
- Large hydraulically actuated Drum & Shoe type brakes for positive braking performance and ease of maintenance. Mechanical lever type parking brake for reliability.
- Control Handles are mounted on the dash for operator convenience and also allows the operator to enter/exit the operator compartment from either side of the machine comfortably

The world-lift 2WD WRTD series is made to work in conditions where a standard pneumatic tire forklift will not. It is designed to work in **hard packed** sand, gravel or grass.

It's small size compared to standard RT forklifts allows it to work in tighter turning radius environments. It is also less than 1/2 the cost of a traditional RT forklift.

Large "Lug" type tires plus greater ground and mast clearance helps to prevent bogging down in non hard surface areas.

Available with masts from 118" to 236". Every RT forklift comes standard with a side shifter and 3rd valve with hosing.

If you are tired of having to pull out your current pneumatic forklift because of a little sand, gravel or grass, the WRTD World-Lift may be just the solution you are looking for.

- Tilt Steering Wheel
- Adjustable Seat
- Seat Belt
- Dual Head Lights
- Front Turn Signals
- Rear Turn Signals
- Brake Lights
- Back-up Lights
- Back-up Alarm
- Neutral Safety Switch
- Welded Overhead Guard
- Integral Gas Tank
- Integral Hydraulic Tank
- High air intake
- Cyclone air cleaner
- Insulated engine cover
- Hand hold for entry
- Radiator overflow bottle
- Third valve & lever
- Horn
- Hour Meter
- Charge warning light
- Temperature warning light
- Oil pressure gauge
- Key switch
- Safety load backrest
- ITA Class III forks & carriage
- Easy access floor boards
- Rubber safety mat
- Meet or exceed all ANSI B56.1
- Safety standards for powered industrial trucks and underwriters laboratories requirements as to fire hazard. EPA Compliant. EC and ISO Certified

Technical Specifications

MODEL		WRTD 60	WRTD 80
Capacity		6,000	8,000

Power Engine		Diesel	Diesel
Tires Air Pneumatic	Rear	27 X 10 -12-12PR	27 X 10 -12-12PR
Dual Drive		14	14
		17.5	17.5
		14PR	14PR
Fork Size	LWT	48 X 4.9 X 1.8	48 X 4.9 X 1.8
Length		120.5	120.5
Mast Tilt Fwd/Back		10 / 12	10/ 12
Total Width		63	63
Mast Height Lowered		Various	Various
Guard Height		87	87
Min Turn Radius Outside	Inch	108.3	108.3
Max Height	Inch	Various	Various
Wheelbase	Inch	72	72
Total Length w/ Forks	Inch	168.5	168.5
Service Weight	Lb	10,582	11,354
Rated Torque/RPM	N-m	48/2600	48/2600
Diesel		Cummins B3.3-C65	
No. of Cylinders		4	4
Brakes	Type	Hand/Foot	Hand/Foot
Drive Type		2WD	2WD
Transmission Power shift	Fwd Back	2/2	2/2

Standard Equipment

- Two Stage Mast
- Pneumatic Tires
- Cummins Diesel
- Tier IV
- Auto Transmission
- Headlights
- Back Up Lights
- Turn Signals
- Hydro Steer Axle
- Mirrors
- Load Backrest
- Seat Belt
- Tilt Steer Wheel
- 3rd Valve
- Operator Manual
- Standard Forks

Optional Equipment

- Diesel Engine
- Cummins B3.3
- Various Masts
- Standard
- Full Free Lift Triplex
- Various Tire Options
- Solid
- Foam Filled LPG
- Tanks Side Shifters
- 4 Way Hydraulics
- Much More!
- WRTD60-80
